Leather Ceiling Spora

Designed and Manufactured in Brooklyn, NY by Light + Ladder

DESCRIPTION

Floating above like the full moon, this dramatic planter draws the eye wherever it is in the room. With a sculptural, almost other-worldly presence, the vessel elevates the hanging planter to an object of art. Elegant and deliberate in materials and proportions, bone-white ceramic curves are traversed by simple leather straps. The vegetable tanned leather will only gain beauty with time. Ideal for showcasing a favorite fern or creeping vine.
