Wyatt

Designed and Manufactured in Los Angeles, CA by Boyce Studio

DESCRIPTION

These planters are made from thick blocks of Hickory or Walnut that are laminated together and then cut into an abstract geometric shape. After they are carefully sanded smooth, a hand rubbed danish oil is applied for a matte finish. Each planter comes with a glass holder the perfect size for a 2 succulent, as well as rocks for drainage and decoration. These planters also look stunning featuring a large Tillandsia, or "Air Plant". Cork feet on the bottom of the planters protect your table top or shelf.
