

LIGHTING - TABLE

THIN S

Designed and Manufactured in Brooklyn, NY by Juniper

DESCRIPTION

Designer Peter Bristol and Juniper have partnered to develop THIN, an innovative task light designed for the way we live today.

It's thin profile is contemporary, while brass details and tubing combined with a cast iron base; reminiscent of the classic light socket, create a timeless and friendly feel.

The THIN lamp's slender arms reach over a work surface without taking over the space. The mounted ball joint and spring-less hinge enable 360 degree movement, while also allowing the lamp to reduce into a minimal vertical profile.

Inset mount and wall mount customization available.

SPECIFICATIONS

Dimensions

L 31.7" x W 7.1" x H 19.6"

Product Materials

Brass, Cast Iron, Acrylic

Product Finishes

Brass, Black Oxide, Satin Nickel

LEAD TIME

4-6 weeks
