## Amethyst Aura Mirror

Designed and Manufactured in Los Angeles, CA by Another Human

#### DESCRIPTION

The Aura mirrors are crafted using semi-precious stones, pierced by monolithic mirrors projecting an air of being both ethereal and brooding. The crystals and stones are believed to have different metaphysical properties, while the mirrors themselves symbolize physical and spiritual reflection.

Each mirror is one of a kind and each crystal is unique. While we can source a stone of the same variety, the overall size, shape and color may vary. Pictures of the stones will be sent for review prior to production.
