Stol Guitar Stand

Designed and Manufactured in Oakland, CA by Format Fine Goods

DESCRIPTION

The Stol is a collapsible guitar stand designed for playing at home or in the studio. Simply snap the two identical wood frames together to use the stand, and then knock them back down to store flat. The adjustable rubber ring prevents slipping. Small size fits most small body electric guitars with symmetric body style like Fender Telecaster and Gibson Les Paul. Large fits most hollow body electric, acoustic, and bass guitars with symmetric body style.
