Essential Texts Book Display

Designed and Manufactured in Portland, OR by Base Modern

DESCRIPTION

As our reading habits evolve towards a more digital route, we have fewer books we keep. However, we all have our few essential texts that we reference often. The Essential Texts Book Display is a modern take on a classic object that allows us to display our most prized books for easy reference. Weather in the kitchen with cook books, on a credenza with art books, or even on your bed side stand with your favorite novels; this simple shelf is a great solution for book storage.
