

ACCESSORIES - PLANTERS + VASES

Confetti Hurricane + Vase

Designed and Manufactured in Hudson, NY by Hawkins New York

DESCRIPTION

Designed by Hawkins New York and handcrafted by skilled artisans, our mouth blown Hurricane and Vase collection is marbled with colored specks of glass resulting in a festive confetti pattern. When used as candle hurricanes, light bounces through the clear bits and shines at different intensities through the different shades of glass. All styles are also beautiful used as vases, with a nice heft for large, branchy arrangements. For use as hurricanes we recommend partially filling with sand or pebbles so a candle sits evenly. Each piece is unique.
