

#### LIGHTING - CEILING

## Original Bubble Chandelier

Designed and Manufactured in Flatiron, New York, NY by PELLE

#### DESCRIPTION

The Bubble Chandeliers are a line of delicate and airy compositions of luminous glass globe clusters. Starting with the Original Bubble Chandelier designed in 2008, the series has developed into a collection of distinctive lights that artfully combines PELLE's signature material palette of cotton and leather cording with blown-glass globes.
