DRENCH (ETHÉRIOS Collection)

Designed and Manufactured in Brooklyn, NY by SARKOS

DESCRIPTION

ETHÉRIOS in greek translates to "ethereal".

And this is what we think of as we stroll through the olive groves..

The morning sun dappling it's way between the branches
and landing on the vibrant rich soil of the ground.

We have debuted ETHÉRIOS atop our ELIA line..

ETHÉRIOS is soft wilting wisps of glowing metal leaf, atop our ELIÁ line

DRENCH is the ethereal drenching of sun through the
olive branches,

atop the the glowing red earth, with the sun streaming in
through the branches just so..

The straight copper lines you see from one angle
magically disappear as you turn your head the other
way,

where you see the softest grey you're sure has ever come
to be..

DRENCH is two-toned strong metallic copper color strié over a soft grey hue with thin lines of hand-gilt metal leaf rising up and draping over
