

LIGHTING - CEILING

Phase Pendant

Designed and Manufactured in Brooklyn, NY by Kin & Company

DESCRIPTION

The Phase Pendant began with a collaborative investigation between Kin and Kim Markel — resin artist and fellow Sight Unseen favorite — in which their native materials informed the iterative design process. They found beauty in layering acrylic, resin, and steel, while defining the borders with a circular frame.

Shown in steel with a black oxide patina and resin inlay

Made to order in a variety of sizes, materials, and finishes.

SPECIFICATIONS

Dimensions

32" \varnothing x 2" D x 6' drop

Materials

Blackened steel and resin

LEAD TIME

6-7 weeks
