

#### LIGHTING - CEILING

## Bell Kelp Etched Pendant

Designed and Manufactured in Brooklyn, NY by TOKENLIGHTS

#### DESCRIPTION

The Bell Kelp Etched Pendant retains the same elegance of mid-century Danish and Italian glass and turn of the century art nouveau influences, but goes one step further. Partially recycled glass is hand-blown, then carefully hand-etched with diamond abrasive tools for a frosted, nearly opaque finish. The Bell Kelp Etched Pendant is warm, hypnotic, versatile and functional. From ambient mood accents to a room's primary light source, a wide spectrum of lighting can be achieved with a dimmer switch. The Bell Kelp Etched Pendant is wired for standard incandescent, LED incandescent replacement or compact fluorescent bulbs. Pendants can be arranged in bouquet-like clusters or as singular accent pieces and are available in three sizes. Due to these pieces being hand-blown, heights and widths may vary slightly.

#### SPECIFICATIONS

Materials

Glass

Dimensions

Small: 7"(W) x 12"(H)

Medium: 8"(W) x 14"(H)

Large: 9"(W) x 18"(H)

#### LEAD TIME

6-8 weeks
