

LIGHTING - FLOOR

## Lina 07 - Light Floor Lamp

Designed and Manufactured in Brooklyn, NY by Rosie Li

### DESCRIPTION

Designed to create airy geometric forms, Lina is an all-brass modular lighting system with minimal fasteners and cable suspension. Each shape has its own set of spherical hubs while sizes are determined by round rods used interchangeably throughout the series. By scaling rod lengths, Lina fixtures can simply grow or contract to suit any space.

Shown here in Polished Nickel

### SPECIFICATIONS
