Woven Pouf

Designed and Manufactured in Hudson, NY by Hawkins New York

DESCRIPTION

Our Woven Pouf is a simple wicker cube, padded at the top for seating. Modern yet rustic, and equally at home in a 70s mod living room or a beachy sun porch. Lightweight for easy movability, these are perfect for extra seating in a living room, end of the bed, or even as side tables with a tray on top for stability. We love this natural touch in an exceptionally modern space.
