

LIGHTING - CEILING

Split Ceiling Lamp

Designed and Manufactured in Long Island City, NY by Hyfen

DESCRIPTION

The double-sided disc mirror, made of stainless steel, intersects with the hand-blown glass shade in the middle, splits the lights and creates the unique visual perception through the reflections of the lamp and the space around it. The floating mirror that is unparalleled to the interior brings a special and fresh angle/view of the environment around the observer. By combining mirrored surface, the volumeless media which forms illusions by reflecting light, SPLIT provides an unusual experience to the occupants of the surroundings, redefine the the relationship of the pendant lamp and the space.
