MOTHER OF PEARL (STRIATIONS Collection)

Designed and Manufactured in Brooklyn, NY by SARKOS

DESCRIPTION

STRIATIONS is the fancy earth of Greece.

We wanted the fanciest paper design to showcase the most natural - unfancy? - geography

the earth and dirt that makes up, well - everywhere, must be celebrated.

And.. what better starting point than the oyster shell itself?

STRIATIONS is the epitome of grace and excitement rolled - nay, compacted - into one.
It is the worlds foundation and at the very same time, everything above it.

Light refracting in every direction at every moment...

STRIATIONS is layer upon layer of extreme iridescence.

Our MOTHER OF PEARL is the oyster of the earth.

We combined
the way the mountainside pushes against itself
with
the dazzle of light in the eyes that look upon it.

The seams of each panel push up against each other,

showing one another off
in the very same way
the mountain side rocks
have graced each other for thousands of years..

MOTHER OF PEARL is iridescent golds, pinks, blues, violets in horizontal striations
