

TEXTILES - BLANKETS + TROWS

## Mini-Moon Natural Quilt

Designed and Manufactured in Brooklyn, NY by Caroline Z. Hurley

### DESCRIPTION

These one-of-a-kind quilts were patched together using scrap fabric from our yardage designs. Caroline originally designed these smaller quilts when she couldn't find a special baby shower gift for a friend. As with all our pieces, they're great at any age and are designed to be multi-purpose. These would also make a beautiful wall hanging or draped over a cozy chair or couch.

Designed in Greenpoint, made in New Bedford, MA.
