

FURNITURE - OUTDOOR

Eclipse Ottoman

Designed and Manufactured in Brooklyn, NY by Asa Pingree

DESCRIPTION

The base is made of a lightweight fiberglass composite with a molded gel coat surface that is extremely durable and suitable for extended outdoor life.

The cushion, shown with indoor upholstery, is made of super high density foam and covered in a Maharam fabric that can sustain high wear and is inherently flame resistant

Outdoor upholstery, customer's own material or customer's own leather available upon request
