

TEXTILES - BLANKETS + TROWS

## Alpine Wool Throw

Designed and Manufactured in Hudson, NY by Hawkins New York

### DESCRIPTION

A Jacquard weave of 88% wool and 12% cotton (for softness), measuring 50 x 70", our Alpine Throw designed in conjunction with Alyson Fox is the perfect blanket for hanging out by a winter fire, or as a Summer throw on the foot of the bed. Reversible due to their weave, these throws are inverse grey + white depending on the side facing out. Incredibly soft while having a modern pattern and contrasted edge stitching (in camel) makes this an excellent gift, or heirloom object.
