

TABLES - DINING

Bliss Dining Table (Black Walnut)

Designed and Manufactured in Costa Mesa, CA by Sean Woolsey

DESCRIPTION

The Bliss table comfortably seats six. The table is finished with a natural hand rubbed oil and wax finish. A "fin" (cut on a water jet machine) is fit into the wood legs after the powder coat to reveal the detail and precise craft involved in the fitting process. This detail was inspired by knife designs in which the wood handles are pinned onto the blade. Connector bolts secure the leg to the fin and steel frame. The powder coated steel is seen in the center of the wood legs and emphasizes this meticulously crafted detail, accented by the round bar leg supports.

SPECIFICATIONS

Dimensions

72"(L) x 36"(W) x 29.5"(H)

Materials

Wood, Steel

LEAD TIME

3-5 weeks
