## Procida Blue Stripe Tea Towel

Designed and Manufactured in Brooklyn, NY by Caroline Z. Hurley

### DESCRIPTION

This season we worked with The New Denim project, an amazing company in Guatemala. They transform waste denim scraps from the fashion industry into beautiful new fabrics. The sturdiness of this heavyweight cotton makes it perfect for heavy use in the kitchen or bathroom. They are great as hand towels and are super useful around the kitchen - they clean up spills and become softer and more absorbent with each washing.

Made in Guatemala.
