

#### ACCESSORIES - PLANTERS + VASES

## Hexagon

Designed and Manufactured in Los Angeles, CA by Boyce Studio

#### DESCRIPTION

A spin on the traditional hexagon shape, this planter is made from solid blocks of Walnut or Ash laminated together creating a beautiful design with the wood grain. It's then carefully shaped, sanded, and oiled to enhance the grain. Cork feet on the bottom protect your shelf or table top. Glass plant holder and rocks included, just add a 2 succulent and you're good to go. The planter also looks stunning with a large tillandsia or "air plant". Please note that your planter will be the same size and shape as the one pictured, but the wood grain will differ.
