

TABLES - SIDE

Boton 3 Side Table

Designed and Manufactured in Oakland Park, FL and Guatemala by Labrica

DESCRIPTION

Inspired by old brass buttons and cuff links, this series includes three different table tops each with a distinct base. The series continues to grow and each piece can be modified to be a coffee table or dining table. Each boton table is made with either matilisguate or conacaste.

Second and third images are shown in wood no longer produced. Please see labeled image of wood options.
