

ACCESSORIES - PLANTERS + VASES

Versa Vase (Down)

Designed and Manufactured in Hudson, NY by Hawkins New York

DESCRIPTION

The Versa Vase Collection is produced from hand poured bone china, built upon layers of tinted clay. Intended to be sculptural on their own, they are equally beautiful for a fresh or dried arrangement. Versatile and whimsical, these vases work well alone or en masse. We often use 'em in groups for a collectively fresh and modern story.

Designed by Hawkins New York
