Procida Blue Stripe Runner

Designed and Manufactured in Brooklyn, NY by Caroline Z. Hurley

DESCRIPTION

This season we worked with The New Denim project, an amazing company in Guatemala. They transform waste denim scraps from the fashion industry into beautiful new fabrics. The sturdiness of this heavyweight cotton makes it perfect for heavy use in the kitchen. The Procida Blue stripe runner is perfect for your next dinner party or on top of your dresser for an added touch of color.

Customizable embroidery available.
