## High Inlaid Bowl 1

Designed and Manufactured in Kingston, NY by Andrew Molleur

### DESCRIPTION

The High Inlaid Bowl falls somewhere in between a mug and a bowl. Its dual identity makes it perfect to hold a warm beverage or even your favorite soup. Each bowl is cast from porcelain and glazed with a high gloss finish. The distinct pattern adorning the exterior is hand cut and inlaid with pigmented porcelain. A slightly raised texture wraps around the outside and is a result from the inlaying process. This accumulated texture creates an immediate tactile sensation and adds grip.
