

ACCESSORIES - KITCHEN + DINING

## Mara Bowl

Designed and Manufactured in Hudson, NY by Hawkins New York

### DESCRIPTION

Beautiful together or as separate pieces, the Mara White Marble Collection accents any cook or entertainer's spaces. The Serving Boards are constructed of a solid slab of white marble with brass or copper circular foot details. Excellent for serving hors d'oeuvres, cheese + charcuterie, or use them as a simple pedestal for an arrangement of objects. The boards can also be used for prepping + serving a meal. The Mara Trivet is excellent for use as a hot plate pedestal, or for simply arranging objects around the house (we really love it as a perfume or cologne pedestal). The nesting Mara Bowl collection is available in three sizes; they act great as key drops, serving bowls, or simply as a nesting object to accent any room. Combine them with our other marble color offerings and you'll see the possibilities for serving in style.
