

ACCESSORIES - PLANTERS + VASES

Copper Plant-In Mini

Designed and Manufactured in Williamsburg, Brooklyn, NY by Plant-In City

DESCRIPTION

The copper plated steel version allows us to explore structural shapes that aren't as easily achievable in wood. The collection comes in a variety of finishes including a natural polished finish, oxidized, black patina, and an extra special copper-plated finish. Each finish is complimented with ceramics, minerals, and plants that enhance the richness of the material and ceramic planter included.
