Shapes Rug

Designed and Manufactured in Hudson, NY by Hawkins New York

DESCRIPTION

The Shapes Rugs are a collaboration between Austin based designer Alyson Fox and Hawkins New York. These dhurrie rugs are based off of Alyson's artwork; inspired by Joseph Albers and Mondrian paintings. Each rug is handmade in the centuries old tradition of hand looming; as such, size and color variation does occur. Our choice of heathered colors in combination with woven texture, add tangible dimension to a classic yet modern design.
