

ACCESSORIES - PLANTERS + VASES

Big René

Designed and Manufactured in Los Angeles, CA by Boyce Studio

DESCRIPTION

A geometric shape for the modern home, this is larger version of the René tillandsia planter, big enough for a 2 succulent. Each wood planter is made from solid blocks laminated together. They are then carefully cut, sanded, and finished with a low VOC oil and wax combo to enhance the grain. Cork feet on the bottom protect your shelf or table top. These planters look stunning with tillandsia "air plants" or succulents. Glass plant holders and rocks for proper drainage included, plant not included.
