

ACCESSORIES - RUGS

Florence Light Blue Rug

Designed and Manufactured in Brooklyn, NY by Caroline Z. Hurley

DESCRIPTION

This beautiful alpaca wool rug is an understated but warm addition to any home. Designed by Caroline and created in collaboration with artisans in Oaxaca, Mexico, this rug is a firm favorite of our new collection. Caroline traveled to Teotitlan, Mexico to work side by side with her head weaver, Pedro. He is a third generation weaver and uses traditional techniques for his collections. For these rugs we used hand spun wool undyed and untreated so there is a natural color variation in each rug making each piece truly unique.
