Hive

Designed and Manufactured in Brooklyn, NY by Light + Ladder

DESCRIPTION

Crisp folds of paper in porcelain. Deliberate meets wild disorder in this architectural vessel for air plants; origami precision and even planes are juxtaposed with the wild tendrils that burst from within. This planter is easily installed on the wall with a hammer and nail. Wonderful for green- and black-thumbs alike, Air plants require no dirt—simply soak once a week. Experiment with plant and pattern; create a minimalist garden installation with multiples.

Perfect for: airplants.
