HLÍOS (COSMOS Collection)

Designed and Manufactured in Brooklyn, NY by SARKOS

DESCRIPTION

Our COSMOS line is the universe as we know it.

The microcosm - the littlest largest place you've ever been to.

The sea, the sky, the sun; of Domvraína, Voiotiá, Greece.

A large portion of Stephanie's family knows the stones, the coral, creatures, ancient trees, the roads.. and oh!! the shimmer of light refracting, reflecting, showing off every last drip of it.

COSMOS is a deep vibrant matte - or not - strié painted finish with original-every-time bursts of hand-gilt leaf.

Hlios is the greek world for sun, and this paper will turn your walls scorchingly hot..

Beware. You may startle yourself.

HLIOS has the intensity of the Greek sun - where it feels like you're in an oven, it's so damn hot..

But because your heart practically skips at every new flicker of light...

you're already in love..

Unlike her siblings, HLIOS is made with 1/2 iridescent, 1/2 satin paint in her strike formations and so she shimmers and shines.. and shines some more.

HLÍOS is a slightly iridescent, slightly satin mix of gold color strié.
